

Companies do not require an audit unless their turnover exceeds £6.5M, their balance sheet value exceeds £3.26M and their average number of employees are 50 or over. These thresholds are increased to £10.2M and £5.1M respectively for turnover and balance sheet values in respect of accounting periods beginning on or after 1 January 2016. As registered auditors, we are able to offer statutory or voluntary audit and assurance services tailored to our clients' requirements.

In addition, we also provide Assurance reports under the Solicitors Accounts Rules.
